**Graduation Rates:**

32% of the students from the class of 2013 graduated in 4 years.

This low graduation rate might be explained by the fact that many seniors complete their internship during the summer semesters. If the graduation rate is calculated, including the summer semesters, the graduation rate will be much higher.

**Retention/Attrition:**

100% of the students enrolled during the spring 2013 semester returned in fall 2013, putting attrition at 0%.
